## Legacy Leadership for Kids The 5 Best Actions

<b>HOLDER</b>	<b>of</b>	<b>DIRECTION</b>	<b>and</b>	<b>TRUTH</b>
A holder keeps something all the time, never lets it go, never drops it, and always hangs onto it.		Direction tells you which way to go to get to where you want to be.		Truth is what is real. Truth is what you know is right and important.
A Holder of Direction and Truth always holds on to the direction they want to go and remembers the way to get there, and always knows what is true and important. The right Direction and the Truth are the holder's map for the journey of life.				

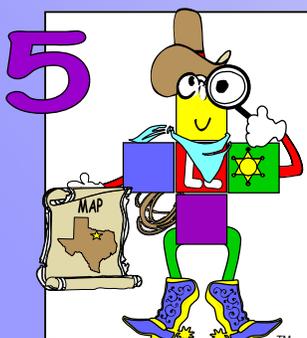

<b>CREATOR</b>	<b>of</b>	<b>PARTNERS</b>	<b>and</b>	<b>POSSIBILITY</b>
A creator designs and makes something that is special.		A Partner is a person who works together with you to do something special.		Possibility is about all the things you could do with what you have.
A Creator of Partners and Possibility teams up with others to do special things together and always thinks about what new, exciting and different things they can do. Partners and Possibility help keep life fun and interesting every day, and help us do great things.				

<b>BUILDER</b>	<b>of</b>	<b>PEOPLE</b>	<b>and</b>	<b>SPIRIT</b>
A Builder lifts people up and makes them stronger.		People are other persons, either one or many, friends or strangers.		Spirit is how we feel and who we really are inside. It is the most important part of us.
A Builder of People and Spirit makes others feel good, makes them stronger, wants to help them be all they can be, and looks for ways to be a good role model and show them the way. A Builder of People and Spirit always thinks of others first, and wants them to be leaders, too.				

<b>DEFENDER</b>	<b>of</b>	<b>DIFFERENCES</b>	<b>and</b>	<b>TEAMS</b>
A Defender protects and stands up for others and important things.		Differences are the things about us and others that make us special and different.		Teams are groups of people who work together to do special things.
A Defender of Differences and Teams accepts and defends the differences in other people and looks for the special things that make each person strong and valuable, then helps people work together using all their talents to do things as a team. Differences makes us stronger, and teams help us do much more than we could do by ourselves.				

<b>TRACKER</b>	<b>of</b>	<b>PROGRESS</b>	<b>and</b>	<b>PURPOSE</b>
A Tracker looks to see if the right path is followed.		Progress is how far you are on the path.		Purpose is the reason for being on the path.
A Tracker of Progress and Purpose always watches to see if the right path is being followed, and how much progress is being made to get where they want to go. The Tracker will do this both for themselves and for others, as a leader. A Tracker remembers the map of Direction and Truth, and measures Progress and Purpose, making changes if needed to stay going in the right direction and for the right reasons.
